Help Document for Running and Interacting with the Prototype

1. Overview of the Prototype

This prototype is an interface designed for **SegAnalytics**, a platform that provides image segmentation analysis and reports. The prototype allows users to:

- View analysis data on the **Dashboard**.
- **Upload images** for analysis.
- Access **results** of previous uploads.
- Generate and view **reports**.
- Navigate across different pages, such as **About Us, Contact Us, and History**.

2. Starting the Prototype

To start using the prototype:

1. Open **Figma** or the platform where the prototype is hosted.
2. Ensure the **Prototype mode** is enabled (click the play ▶ button at the top right in Figma).
3. The interactive preview will load, starting from the **Login page**.
4. Click on elements such as buttons, tabs, and icons to navigate.

3. Interaction Sequences

A. Login Page

1. **Input Fields**: Enter your credentials in the username and password fields.
2. **Login Button**: Click the **Login** button to navigate to the dashboard.

B. Dashboard Page

1. **Navigation Tabs**: The top tabs include:
   a. **Dashboard**: Returns you to this page.
   b. **Analysis**: Redirects to the analysis section.
   c. **About Us**: Displays information about the platform.
   d. **Contact Us**: Opens the contact information page.
   e. **History**: Shows a history of user activities.
2. **Overview Section**:
   a. Displays cards with total analysis, recent uploads, and completed reports.
3. **Recent Activity Table**:
   a. The table shows columns for **Date**, **Analysis Type**, and **Status**.
   b. Scroll or click on rows to view details if implemented.

C. Upload Image Page

1. **Upload Button**: Click the **Upload Image** button.
2. **File Selection**: Choose an image file from your computer.
3. **Submit**: Click **Submit** to upload the image for analysis.
4. **Feedback**: A confirmation or error message will appear after submission.

D. View Results Page

1. Click **View Results** in the left-hand navigation bar.
2. Browse the list of previously analyzed images.
3. Click on an image or record to see detailed segmentation results.

E. Reports Page

1. Click the **Reports** tab from the navigation bar.
2. View completed reports with options to download or share them.

F. Logout

1. Click the **Logout** icon in the left-hand navigation.
2. The system will log you out and redirect to the **Login page**.

4. Navigation Mechanism

- The left-side navigation bar provides quick access to:
    - **Overview**
    - **Upload Image**
    - **View Results**
    - **Reports**
    - **Logout**
- The top navigation tabs allow switching between:
    - Dashboard
    - Analysis
    - About Us
    - Contact Us
    - History
- Interactive buttons, clickable icons, and input fields guide the user throughout the prototype.

5. Prototype Limitations

- This prototype is for **visual demonstration** and **navigation flow** only.
- Some buttons and links may not have functional back-end integration.

6. Tips for Interacting

- Hover over buttons and tabs to see tooltips or visual feedback where applicable.
- Ensure your browser supports Figma's interactive prototype functionality for the best experience.
